Message from IAC's Treasurer

Do you ever think once you are sober that you finally know the "secret" that you thought that everyone knew while you were drinking? And when you know what that "secret" is you find that it is simple, finally finding the meaning of your life and being able to realize your dreams. That is where my life is headed today and there is no longer a dead end street facing me.

I began this journey a little over six years ago. I had gone to treatment, which was a wonderful experience, but I still found I couldn't stay sober. I still had to suffer a while longer until I was forced by my powerlessness to embrace the program of Alcoholics Anonymous. My second sobering up, "my own", was tougher than the time in treatment, but it really helped me realize that the program of Alcoholics Anonymous *does* work.

My first sponsor believed that service work is a big part of what keeps us sober. He dragged me off to a district meeting with three months of sobriety and had me working on the logistics committee (gofers) with the Big D Roundup at four months. This kept me busy and gave me a feeling of accomplishment that I hadn't had in a long time.

With two years of sobriety I became involved with the International Advisory Council. I was elected secretary for a two year term. Serving as secretary was a wonderful experience. There was a lot of work involved, but I got to meet and hear about many wonderful people who, like myself, had found a new way of life through the program of Alcoholics Anonymous. I think of David whose

story appeared in last month's IACTivity, and Dale in Vancouver whose eyes and smile reflect the joy he has found in his short time of recovery. These are people I would never have had the privilege of knowing without my own sobriety.

My current position with IAC is Treasurer. Crunching numbers may not sound too glamorous, but it is an important part of making things work and I am pleased to be able to do it, especially with the International Convention of Alcoholics Anonymous coming up next year and all that will mean for IAC and the gay men and lesbians who will be able to attend.

As in years past it appears that IAC will have an active presence at the International Convention. Plans are still in the works, but we are planning a hospitality room and a dance where our community within A.A. can get together and meet other gays and lesbians in sobriety. We will come to realize that, more than ever, we are not alone. IAC will need the support of all of you out there to make this happen. Volunteers will be our most important resource for all that needs to be done and, as Treasurer, I must say that the monetary donations from groups and individuals will be very important if we are to do all we hope to do. Please plan to join with us in San Diego in the summer of 1995.

Well, in the interest of leaving more space for the editor to pack this newsletter with his interesting tidbits, I'll say good-bye to you all now. And I say this with the expectation that one day we may meet and share our restored lives as we "trudge the road to happy destiny." See you in San Diego.

We Get Letters

Something Wonderful Happened Coming Through the Closet Door

It was July 28, 1984. I was 8 months sober. I did something that they told me in treatment "Don't go into a bar by yourself; also don't go in (with) less than a year sober."

I drank for years. I was afraid to go to gay bars. I did all my drinking in straight bars. I came out of the closet in September, 1983. Everyone, friends, family, left... I went back in the closet, drank heavier, (and) finally stopped in October, 1983. In November of 1983 I went through treatment. I went to straight meetings still.

That night in '84 when I went to that bar I went in (and) sat down by myself. A bunch of ladies came in and sat at a big table. I watched them all.

The bartender told me it is very "cliquish." "Great!" I thought. I got up and walked to their table. Stood there. One lady saw I had a drink in my hand. "Hi, I am Dorothy. Do you drink?" "No, I quit 8 months ago." "Sit down. Why are you here alone?" I

know well all these ladies here at this table are in A.A.

"Cool!" I thought. I met Linda M. Told her I go to straight meetings. She told me about the Queen City Group Gay/Lesbian A.A. I told her how all my friends left when I came out. They told me the meeting days and times. I stayed at that table till closing time, came home and wrote in my journal about it. "I've come home. I found people who accept me."

That was ten and a half years ago. I owe allot to those ladies I met at Talbot Street in 1984. In November of 1994 I'll have eleven years. Thanks also to the Queen City Group who helped me more than they will ever know. Since being clean and sober my family supports me today 100 per cent!!

Gabrielle G.

After 23 years sobriety in A.A. I am still in the closet since I live in a stricy "Bible" Belt town. Just a few people know that I am gay. I know only one other gay A.A. I really appreciate IACTIVITY!

J.X.

To whom it may concern: Hi! I found an old (Feb '93) copy of IACTivity and was taken by complete surprise by your existence.

As an active member of A.A. for almost 13 years, I have never even heard of you - why not? Please let me know how to become an active participant in the organization and what I can do in such a rural area as Legget (4 hours north of San Francisco, between Ukian and Eurika.) Hurray that you are there doing this work! I'm very grateful..

From the Editor

Thanks!

Special thanks to the *Frankly Open Group* for being such kind hosts while I was in Atlanta on recent business.

Your listening ear was both needed and appreciated!

I am receiving an increasing amount of E-Mail on both America Online and Compuserve. It's always nice to log on and find a friendly note! Anyone interested in starting an IAC "Chat" Room or "Folder" on AOL please let me know.

The Third Tradition

... the only requirement for A.A. membership is a desire to stop drinking.

Alcoholics Anonymous wasn't created as a complete organization, equipped with by-laws and membership rules. The Traditions were adopted in 1955 and are the evolution of 20 years experience in making it simple enough so that anybody can get sober if they want to. The first people to try this new way of life were men with many components of their lives in common. They didn't give much thought to being different from one another. But it wasn't long before a lot of diverse people began to approach this new outfit desperate for a solution. The basis of the Third Tradition was formed in those early days as newcomers arrived, each one with a unique set of circumstances. It was difficult to judge each newcomer's qualifications for membership, and they soon gave that up in favor of making sure that A.A. never kept anyone out who wanted to stop drinking.

We all like to tell about the drag queen who fell into the Clubhouse one day and forced the early members to open their doors, their meetings and their hearts to the future of sobriety by welcoming anyone who asks for help. We proudly wave this Tradition as our passport to A.A. fellowship. "You can't kick me out if I say I have a desire to stop drinking!", we cry as if this were a cleverly worded password designed to gain admittance to an elite club. A.A. is a place of welcome, not rejection. We don't restrict meetings to people who declare that they *only* suffer from alcoholism. Instead, we open our meetings to anyone who says they have this disease no matter what else they have in addition to alcoholism.

Since those early members made sure there would be a place for me in this fellowship, how well do I carry on that Tradition? Do I make sure no one else is ever turned away? There are a lot of special groups now. Have I ever had an urge to create yet another group with an even narrower range of purpose? If I am

attending a lesbian group and a man shows up needing a meeting do I think about turning him away? Do I get irritated if people talk in meetings about things I do not identify with? Should we have rigid formats about what we can and cannot say in meetings?

How do I make my group a *welcoming* group? What are my real feelings about the straight people who come to the gay

meeting? Do I tell the noisy newcomer to shut up, or do I take him outside for a one-on-one talk? Do I tune out someone's story because she's probably just cruising and won't be here long? How do I know when someone is sincere?

Now that I have a special purpose group that is comfortable, do I want to keep it just for people like me?

Starting A New Gay/Lesbian Group

Thank you for your interest in the International Advisory Council. We hope this information will help you start a Gay/Lesbian A.A. group in your area and join I.A.C. in carrying the message to Gay/Lesbian alcoholics around the world. I.A.C. is advisory in nature, democratic in procedure, and committed to A.A. unity.

First and foremost, even though you want to set up a "Special Purpose" group for Gay/Lesbian alcoholics, *it is still A.A.* You'll follow the same procedures all new groups use. A.A. publications can be obtained from your Central Office or by writing: A.A. World Ser-

ices, Inc.; PO Box 459, Grand Central Station; New York, New York 10163 (USA); Phone (212) 686-1100. Ask for; "The A.A. Group" (P-16), "The Group Handbook" (M-36), "A.A. and the Gay/Lesbian A.A. Group" (P-32), "Conference-Approved Literature and Other Service Material" (F-10).

I.A.C. publishes the *International Directory of Gay/Lesbian Groups of Alcoholics Anonymous*. See IACTivity Newsletter for ordering information and how to list your new group; or write to I.A.C.'s address above. It's possible there may be a group already active in your area or region. Even though you may still start a new group, others who have gone through the experience previously may be of help to you. We are not alone!

Other decisions you must make: the name of your group, the format of your meet-

ings, length, readings, whether it will be discussion, participation, speakers, beginners, open or closed. These are the same decisions any new group must decide. A Group Conscience should always be taken. Initially, you should be flexible with your meeting format. Avoid "carved-in-granite" rules. As new members join, their feelings must be consid-

ered. "Easy does it" and "Keep it Simple." We suggest that your group name not include "A.A." or "Gay and Lesbian" in order to preserve member's double anonymity. Group mail will often be addressed in care of the Group Secretary or GSR at their home address and anonymity could be inadvertently broken. The Group name ought not to include the name of the facility where it meets, in order to avoid the appearance of affiliation.

Some confusion still exists over "Open" or "Closed" meetings. An Open meeting is just that: open to anyone who wants to attend, including non-alcoholics. A Closed meeting is for alcoholics only (and those who "suspect" they may have a drinking problem.) Even a Closed meeting is open to ANY alcoholic. Our Third Tradition makes this clear. You Can't limit your group to "Gays only" and still call yourself an A.A. group (or be listed with I.A.C. or G.S.O..)

Find a meeting room: Avoid using someone's home if at all possible. As with any new group, you must be honest with your landlord as to the nature of your group from the beginning: a regular group of Alcoholics Anonymous, the majority of whose members are Gay or Lesbian. Gay/Lesbian resource centers in your area can be of assistance in finding a suitable meeting place. Remember our Seventh Tradition in working out a rental agreement; an A.A. group must pay its way, even if it's just an anonymous donation to a church's building fund.

Passing it On: Announce your new group at other A.A. meetings, through your Central or Intergroup Office, and official meeting schedules. Elect a General Service Representative who will represent your group at District and Area meetings. This will insure that your group has a voice in Alcoholics Anonymous as a whole. It can be appropriate to post meeting notices at local Gay/Lesbian Resource Centers. This is done, not to promote an A.A. meeting, but to announce that a particular group of Alcoholics Anonymous is ready to help anyone who wants to stop drinking. Send news of special events, area roundups and articles sharing individual and group experiences for publication in our newsletter. Keep a record of your group's beginning; it will be historically valuable later. Solutions to problems you encounter can be shared with other fledgling groups. After you get your feet on the ground and become economically viable, we also ask you consider supporting IAC's work with a regular pattern of giving. Over 100 Gay/Lesbian Groups now contribute regularly to I.A.C. as part of their Seventh Tradition.

We hope the IACTivity, as well as other communication from I.A.C., will be helpful to you in starting a new Gay/Lesbian A.A. group.

Summer is vacation Time

Are you wondering where the summer issue of IACTivity has been? Well, it took a vacation. We regret the lateness of the summer issue. Please forgive us. We will try very hard to get the fall issue out on time.

Lambda in History

From the I.A.C. Bulletin, November 1982.

"Proposed GSO Pamphlet: As you know there has been a great desire within the Gay/Lesbian A.A. community to have a conference approved A.A. pamphlet specifically addressed to the Gay/Lesbian alcoholic. At the annual General Service Conference this April, representatives voted to start work on a draft pamphlet, to be presented for review at the next conference. The GSO Literature Committee is actively working on this project now, and a subcommittee, including Gay/Lesbian members of the fellowship and representatives from the I.A.C., is beginning to gather material. We will keep you posted on developments and would be interested in hearing your views."

Ed. note: The GSO approved a pamphlet. It is titled *A.A. and the Gay/Lesbian alcoholic*. If your (Group or loner) Intergroup does not have a copy you may order them from GSO. Their address is: General Service Office of A.A., Box 459, Grand Central Station, New York, NY 10163.

Around the World

San Diego '95

IAC is still very much in the early planning stages for participation at the 1995 AA International Conference in San Diego, California. Johnna H. of San Diego is in the process of mobilizing the local San Diego Gay and Lesbian Groups to begin the ball rolling. Johnna has been designated our International Liaison for the conference. We have received offers for volunteers to work at the conference. If you wish to volunteer please send your name, address and telephone number to the PO Box.

Montreal, Quebec

Paul Mc. has been confirmed as liaison for the newly established Gay Activities Committee. One of the functions of this committee is to keep up to date information on Gay and Lesbian AA meetings for the Montreal area.

Halifax, Nova Scotia

What a sweet breath of spring! That was the reaction from Live and Let Live for a letter

received from Reilly K., IAC's Chair. IAC had been out of contact with our Halifax group. Live and Let Live, the only registered gay and lesbian meeting in Nova Scotia, now has an IAC Representative. He is Steve M. Thanks, Nova Scotia, for your participation!

Amsterdam, Neth.

Chuck W. is IAC's Amsterdam Representative. Am-

sterdam does not have an official Gay and Lesbian Group, however, Chuck tells us that AA meetings in their city are very gay welcoming. Meetings are very open minded and there is no reason to hold back comment. There are several Gay/Lesbian A.A. members at each meeting with at least one individual who speaks several languages fluently. There is a 24 hour Answering Service by John O. The number is 31-20-613-0915.

Puerto Vallarta, Mexico

There are no Gay/Lesbian meetings in Puerto Vallarta. However, Jim B. is a contact for that area. Jim can be reached at the local Alano Club in Puerto Vallarta.

United Kingdom

Paul F., IAC's Representative in the U.K., in close cooperation with the GSC, has been able to share the spirit of A.A. unity in the U.K.. On September 9, 10, 11 the United Kingdom will be holding a Roundup. Look for Reilly K., IAC's Chair, at this Roundup.

Note from the Treasurer

In 1993 Income from all sources was over \$14,000. So far in the first 6 months of this year. income from all sources has been only \$4,862. With the big expenses of the International Conference and possibly a new directory coming up next year, this is an area of some concern.
